CONTINUING TO LEARN

Summaries of Continuous Learning Plans from
New Mexico School Districts and Charter
Schools

Continuing to Learn

Summaries of Continuous Learning Plans from New Mexico School Districts and Charter Schools

Background

On March 26, 2020 through [Executive Order 2020-012](#), Governor Lujan Grisham mandated the closure of all New Mexico schools for the duration of the 2019-2020 academic year. Previously, on March 13, 2020, a three-week closure was announced beginning March 16, 2020. Effectively, at the time of the publication of this report, New Mexico's 330,000 students have been out of school for over 21 days.

In lieu of direct classroom instruction, school districts and charter schools across New Mexico have been implementing new, innovative models of instruction for their students. Some immediately began implementing plans to engage with students and continue learning, while some are still working to establish plans for distance learning.

Purpose

This report was written with three purposes:

1. Provide a landscape analysis of how schools are continuing learning through the school closure period
2. Share information among district and school leaders, in hopes that ideas can be shared, and collaboration around best practices can take place statewide
3. Highlight the importance of strong communication from schools to their local communities

What's included in this report?

This report includes information that was publicly available via school and district websites and social media pages. This report does not include analysis of official "Continuous Learning Plans" submitted to the Public Education Department, unless the plan was posted online, or was shared during an embargoed review period for district and charter school leaders.

Stay Tuned

In the weeks ahead, NewMexicoKidsCAN will share key learnings from this report and highlight strong practices through our social media channels.

District:	Continuous Learning Plan Details:	Status	Start Date	Link to Info:	Facebook Page:
Alamogordo Public Schools	Alamogordo Public Schools will be begin learning from home on April 7th. They will be providing students with Internet access for 60 days and computers for the rest of the academic year. The school week will be from Monday to Friday, featuring two video lessons per day, two assignments per day, one enrichment activity per week, and one class meeting per week. All grade levels will be using Google Hangouts for their class meeting, daily learning engagements, and assignments.	Finalized	4/7/20	District Website Update	Facebook
Albuquerque Public Schools	Albuquerque Public Schools begin distance learning on April 13th. They will be using a combination of online and printed materials. Their online programs include iReady Math, iStation Math, iStation SLA, Mystery Science, Pearsons ELA, Khan Academy, Engage NY, Springboard, and Youtube. Printed workbooks are also available to students in need of them. They will prioritizing technology distribution to high school students and are currently exploring the capacity of providing technology to middle schools students. The district has also partnered with PBS to air pre-recorded lessons daily.	Finalized	4/13/20	Continuous Learning Plan	Facebook
Animas Public Schools	Distance learning will officially start on Monday, April 6. Information was sent to students via email Thursday, April 2 (grades 3 through 12) explaining how the district be facilitating distance learning for the remainder of the semester, and homeroom teachers will be contacting student households to answer any questions. Grades PreK – 2 will be using packets, while grades 3 and onward will be using Zoom for lectures with their teachers and Microsoft Teams for assignments. Elementary students will meet with their teachers via Zoom at least once a week in the afternoon. A schedule for grades 7 - 12 has been posted with days and times students will have virtual class. They will deliver this program remotely and will ensure all students have access to devices, Internet, and the ability to transfer information.	Finalized	4/6/20	District Website	Facebook
Artesia Public Schools	Artesia Public Schools has made downloadable packets available for Pre-K-5, packets are also available for pickup at the schools and times listed on the district website. The packets will be updated weekly. Middle school and high school students will be working virtually via Office 365 and Remind. Staff is reaching out to students to see who may need a device. Details about the virtual learning experiences has not been announced yet.	In Progress		District Website Update	Facebook
Aztec Municipal Schools	Aztec Municipal Schools is in the process of developing the district's continuous learning plan. The plan is technology and non-technology based.	In Progress		District Website Update	Facebook
Belen Consolidated Schools	Grades Pre-K - 6th grade will use online applications such as Seesaw, Class Dojo, Youtube, and more. Grades 7th - 12th will use applications such as Google, Microsoft Teams, Canvas, Edgenuity, and more. Contact will be made with students at least twice a week. Assignments will be posted on the school website by the Friday of each week. Students that do not have internet access or a device will use work packets and must make arrangements with the school to acquire them.	Finalized		District Website	
Bernalillo Public Schools	Remote learning plans are available on the district website and will consist of three, two-week blocks, beginning on April 6th. The main components of the plan include engagement with content, engagement with teachers, and continued support for the academic, emotional and physical well-being for students. For high school students, all work completed after schools closed will count towards extra credit.	Finalized	4/6/20	District Learning Plan Letters	Facebook
Bloomfield Schools	Bloomfield schools will be creating weekly activities for students by grade level and subject area. They will be available April 13th. Students in grade 9th - 12th who had passing marks in the fall semester and Quarter 3 (January to March) will receive credit for their classes. Students who did not achieve passing marks will be placed into online courses via Edgenuity.	Finalized	4/13/20	Message to Parents and FAQ	Facebook
Capitan Municipal Schools	Capitan Municipal Schools will begin online classes on April 13. They distributed learning tools last week. They have a lot of resources on their Facebook page regarding AP Exams and an email that will send updates to parents.	In Progress	4/13/20	District Website	Facebook
